

Ladders are useful tools in our daily life. However, if you haven't learned the "Ladder Lessons", then you won't take advantage of their ability to take us to new heights.

## Ladder Lessons Pt. 2 - Contact

**Text: 1 Chronicles 23:28-31 (NIV), 1 Peter 2:5 (TLB), Hebrews 10:25 (VOICE)**

If you just climb the ladder but can't stay on the ladder, then \_\_\_\_\_ height only increases the \_\_\_\_\_ when you fall.

Ladder Lesson 3: You are safe when you maintain \_\_\_\_\_ points of \_\_\_\_\_.

If we had had enough points of contact, then we would blow off the \_\_\_\_\_ that now \_\_\_\_\_ us off.

My life must become \_\_\_\_\_ intertwined with not only \_\_\_\_\_ but \_\_\_\_\_.

\_\_\_\_\_ produces connection!
